

TECHNICAL SERVICES LIBRARIAN

The Medical Library at Des Moines University seeks librarian to perform original and copy cataloging, system administration for the online catalog and file server, binding, shared reference service and classroom instruction duties. OCLC Cataloging and authority control experience is required along with a knowledge of MARC formats and AACR II rules. OCLC Connexion experience is preferred. An ALA accredited MLS degree with experience and/or training in an academic, public, or health science library is required. Experience with integrated library automation systems is required, preferably with Innovative Interfaces, Inc. This position requires computer skills, written and oral communication skills, and the ability to organize daily work and collections.

This full-time position is available July 1, 2006. Review of applications will begin immediately and will continue until the position is filled. Send cover letter, resume, and the names of five professional references to: employment@dmu.edu
